GUIDELINES: SUPPORT FOR SIGNIFICANT ACHIEVEMENTS

1. Rationale:

Chilwell Primary School will always support current students to achieve to the highest level possible in wide range of endeavours. Chilwell primary school promotes our students to be the best they can be and will provide resources when they have shown excellence in their area of endeavour. This could be in the areas of sport, arts, science, music or other areas were a Chilwell primary school student could be involved at a significant level event (i.e., state level). Each written application for support will be based on the merits of the application and will be considered by Chilwell primary school for a limited amount of funding and resources.

Each student may require different levels of support. This support will be provided based on the needs of the individual student be it a group or individual representation and can take the form of: training; advice on training or contacts; promotion and contacts; time; and financial.

2. Guidelines for Financial Support.

2.1. The student must be involved at a significant level event. For example, in the case of sporting endeavours should be at a level of representing Victoria, both as individual and/or as a team member.

2.2. All support must be in response to a written submission which will be considered by School Council prior to the attendance of the event and no retrospective applications will be accepted.

2.3. The financial support will be to a maximum of \$250 per child which will be to support:

- Travel (this would need to take into account the distance of the event from the school/home);
- Accommodation expenses for the child only; and
- Other identified and costed expenses necessary to attend the event.

2.4. The financial support contribution of Chilwell primary school will be made up of:

- fundraising effort(s), co-ordinated by the child and the Social Service Committee and will take into account other costs and/or fundraising activities being undertaken in Chilwell primary school; and
- any shortfall will be made up from Chilwell primary school council discretionary funds to a maximum of \$250.00 per child.

2.5. All endeavours supported financially by Chilwell primary school must be through a selection/training program organised by the State Government/DET.

2.6. Any applications not covered by these guidelines will be considered by Chilwell primary school council and judged on its merit.

2.7. It is expected that feedback will be supplied by the individual/team to the school community.

Ratified:

This policy has been ratified by School Council – October 2020. Review: 2022
